DR. MARK MUELLER  
Risk and Crisis Service  
Project Manager  
Astrium GEO-Information services  
5 rue des Satellites, BP 14359  
F-31030 Toulouse Cedex 4, France

**Letter of Intent "IncREO"** – Increasing Resilience through Earth Observations  
European Commission, FP 7 SPACE CALL 5, "Support to emergency response management" (SPA.2012.1.1-04)

DEAR MR. MUELLER,

Herewith we agree to contribute to the IncREO project as specified in your letter namely concerning the following activities:

- Allow an interview regarding our roles, responsibilities and potential needs;  
Here a special effort would be done to identify our desired concept of operations for our tasks how IncREO could contribute to this concept.
- Review the documents addressing our user needs and service specifications and contribute to the consolidation of user requirements;
- Review the demonstration products and services including qualification and validation feedback as part of project reporting;
- Participate to kick-off, annual review and final meeting. Here, IncREO can cover related travel costs, if necessary.

We express our willingness to review the respective user documents prepared by ASV GEO, to participate in project meetings and assess the usability of developed services and products with respect to our internal demands and workflows. Our expert will be Mr. Stoycho Ognyanov Andreev, inspector at the National Operational Centre – Fire Safety and Civil Protection Directorate General – Ministry of the Interior.

Sincerely Yours,

Chief Commissioner Nikolay NIKOLOV  
DIRECTOR
