Letter of Intent “IncREO”- Increasing Resilience through Earth Observations.
European Commission, FP 7 SPACE CALL 5, “Support to emergency response management”
(SPA.2012.1.1-04)

DEAR DR. MUELLER,

Herewith we agree to contribute to the IncREO project as specified in your letter namely concerning the following activities:

- Allow an interview regarding our roles, responsibilities and potential needs
Here a special effort would be identify our desired concept of operations for our tasks how IncREO could contribute to this concept.
- Review the documents addressing our user needs and service specifications and contribute to the consolidation of user requirements;
- Review the demonstration products and services incl. qualification and validation feedback as part of the project reporting;
- Participate to kick-off, annual review and final meeting.

We explain as well our willingness to review the respective user documents prepared by ASV GEO, to participate in project meetings and to assess the usability of developed services and products with respect to our internal demands and workflows.

In project activities I will attend in person - Yavor Dimitrov – Director Black sea Basin Directorate (BSBD). In case I have an official inevitable commitment I will be replaced by Mrs. Silvia Angelova – chief expert, “Plans” department.

Varna 30.01.2014

Best regards

YAVOR DIMITROV
Director of Black sea Basin Directorate
